Dear Valued Customer,

We would like to inform you that, given the constrained space availability and the escalating security risks in the Red Sea and Gulf of Aden, safeguarding our customers' containers requires additional cost for security and insurance purposes.

Therefore, we are announcing **ERS** (Emergency Risk Surcharge), effective as of January 1st, 2024 (sailing date). The rate increase will be applicable for both west/east bound of the following Routes:

➤ From/To Novorossiysk → Indian Subcontinent, Red Sea, Persian Gulf, Turkey

- USD 500 per 20' [Dry, Reefer, Special Equipment]

- USD 750 per 40' [Dry, Reefer, Special Equipment]

We will provide you with regular updates as the situation continues to develop, and we sincerely appreciate your choice of us as the Carrier.

Best Regards

WinAsia Maritime Pvt Ltd
